Contents

Aims & Objectives

Introduction

1. Font formatting: Italic and Bold will turn out like this

2. Tooltip: can be used like this

3. Inline Coding: will turn out `like this`

Secondary title

> This is a special note using the `{.hint}` class, it allows you to emphasize an important point of the section

> Important note using the `{.important}` class - This is useful to emphasize an important point of the section

> : This is a `blockquote` made using `>`

Tertiary title

```r
# DO NOT RUN! (PSEUDO CODE)
fn <- 'data.xlsx'
df <- import(here('data', 'raw', fn))
```
